ANSWERS IMPERIALISM DEBATES

Guiding Question:	Answers from Video:	Additional Evidence/Examples
What were the main reasons some Americans supported **imperial expansion**?	1. **Opportunity for economic expansion, including access to foreign markets** 2. **Social Darwinism promoted the idea that some people are "more fit" than others and therefore have the right to rule over others and bring "civilization."** 3. **Competition with European empires and the desire to establish a strong naval presence to support gunboat diplomacy** 4. **Turner's Frontier Thesis argued that westward expansion that had always driven American progress came to an end—therefore, the U.S. needed a new "frontier."**	• "White Man's Burden" and civilizing mission • Monroe Doctrine • Economic investments (sugar, bananas, railroads, mining) • Spreading "democracy" or "liberty" (esp Cuba) • Guano Islands Act
Why did other groups like the **Anti-Imperialist League** oppose imperial expansion?	1. **It violated self-determination and consent of the governed, undermining founding principles of American government.** 2. **They opposed U.S. intervention in other parts of the world.** 3. **Racial arguments pushed the idea that imperialism would make America too diverse and dilute "Anglo-Saxon" America.**	• Incorporating new territories and people would complicate government (citizenship, voting). • Mark Twain • Economic reasons: costly to maintain an empire

ANSWERS WORLD WAR I

Guiding Question:	Answers from Video:	Additional Evidence/Examples
How did the U.S. move from **neutrality** to involvement in **WWI**?	**The U.S. had close economic ties with Great Britain, France, and Russia.** **Germany pursued unrestricted submarine warfare, sinking passenger ships like the Lusitania, which had American passengers on board.** **Germany sent the Zimmerman Telegram to Mexico in an attempt to pressure Mexico into invading the US, promising to help them win back land lost in the Mexican-American War.**	• U.S. loans to Great Britain and France • Anti-German sentiment • Wilson's "preparedness" policies, including increasing the navy • War hawks
How did the US **redefine** the meaning of the war and shape its **outcome** both during and after the war?	**Wilson claimed the U.S. was fighting the war to secure democracy. The U.S. helped break the German offensive at Meuse-Argonne, sparking the Hundred Days Offensive that led to the final defeat of Germany.** **Wilson's Fourteen Points proposed a new global order based on self-determination, disarmament, and open diplomacy through the League of Nations to prevent future wars. The U.S. did not ratify the treaty and therefore did not join the League.**	• American Expeditionary Force • General John Pershing • Harlem Hellfighters • Four Wheel Drive trucks

ANSWERS WORLD WAR I: HOMEFRONT

Guiding Question:	Answers from Video:	Additional Evidence/Examples
How did the **federal government** expand its power to **mobilize resources** and support and shape **public opinion**.	**Government agencies like the War Industries Board and National War Labor Board organized the economy and society for wartime production.** **The government passed the Espionage and Sedition acts, suppressing civil liberties in order to curtail dissent.**	• Committee on Public Information • 4 Minute Men • Victory gardens • War (liberty) bonds • Selective Service Act
How did the **war** shape **government policies** regarding **immigration**?	**German-Americans were viewed as potentially subversive, and the American Protective League encouraged people to report suspicious or disloyal behavior.** **Fears over the spread of communism led to the Palmer Raids, which targeted immigrants from Eastern Europe and Russia. After the war, Congress passed immigration restrictions in 1921 and 1924.**	• Americanization • Internment camps • Wall Street Bombing 1920
What were the **causes** and **effects** of **increased migration** during the war?	**People migrated to cities to fill wartime jobs. During the Great Migration, many Black Americans moved from the South to northern and western cities.** **Jim Crow Laws and the resurgence of the KKK led many Black Americans to leave the South. Many also sought better economic opportunities, especially as sharecropping continued in the South.** **Black Americans continued to face discrimination and violence, especially in cities where there was job competition with white workers.**	• Red Summer (1919) • Black Wall Street • Women in Industry Service group • Hello Girls

ANSWERS ROARING & RUINOUS 1920S

Guiding Question:	Answers from Video:	Additional Evidence/Examples
What caused increased **prosperity** in the **1920s**?	**Mass production increased thanks to new technologies like electricity and the assembly line, which increased productivity and decreased prices. The shift from wartime to consumer production and the expansion of credit also increased consumerism.**	• Ford Model T • Urbanization • Mass marketing and advertising
What were the **effects** of **economic expansion**?	**There was a general increase in prosperity, though Black Americans, immigrants, and farmers were less likely to experience this prosperity.** **Mobility increased as more people owned cars, leading to the growth of middle-class suburbs and changing urban demographics.** **Communication systems improved and created a mass culture, especially with the growth of radio. Networks like CBS and NBC broadcast national programs that were sometimes stereotypical and controversial. Movies also became increasingly popular.**	• Decline of labor unions • Tractors • Golden Age of Radio • Baseball • Boxing • *The Great Gatsby*
Why did **urbanization** increase in the 1920s?	**Work opportunities expanded for women, particularly in clerical jobs .** **Immigrants continued to move to cities to take jobs in new and expanding industries.** **Rural Americans moved to industrial cities, sometimes recruited by factories looking to fill the gaps left by decreased immigration.**	• White collar jobs • Improved infrastructure: electrification, sewage systems, indoor plumbing • Urban sprawl

ANSWERS WW II: MOBILIZATION

Guiding Question:	Answers from Video:	Additional Evidence/Examples
How did **war mobilization** help end the Great Depression?	**The federal government invested in war production to make America an "arsenal of democracy." Companies like Boeing received government contracts to build aircraft and other military supplies, creating jobs.**	• Ford's B-24 bombers • Lockheed fighter jets • General Motors: tanks, aircraft engines
How did **mobilization** create **new opportunities** for different groups of Americans?	**Women filled wartime production jobs, famously symbolized in Rosie the Riveter.** **Black Americans joined the military, though in segregated units. Their service motivated demands for equality, and FDR issued Executive Order 8802 to investigate claims of racial discrimination in defense industries. Mexican Americans also faced discrimination, as seen in the Zoot Suit Riots in 1943.**	• Navajo Code Talkers • Double V Campaign • Bracero Program • Tuskegee Airmen • 442nd Infantry Regiment: Japanese American troops • Women's Army Corps • Women's Airforce Service Pilots

ANSWERS FIGHTING WW II

Guiding Question:	Answers from Video:	Additional Evidence/Examples
What **three** major factors contributed to **Allied victory**?	1. **Technological and scientific advances like blood transfusion procedures** 2. **Strategic military campaigns like D-Day, which opened a second front and started the liberation of France; in the Pacific, island-hopping helped the U.S. skip over heavily fortified islands and establish airstrips to launch bombing campaigns.** 3. **The dropping of the atomic bombs of Hiroshima and Nagasaki in order to avoid a costly land assault of Japan; the bombs helped lead to Japan's surrender but also killed hundreds of thousands of civilians.**	• B-29 Superfortress • Manhattan Project • Radar • Penicillin • Firebombing • Guadalcanal Campaign • Battle of Midway • Battle of the Bulge
What were the major **effects** of U.S. **involvement** in WWII?	1. **The U.S. felt justified and accomplished in fighting against fascism, especially in the wake of the Holocaust.** 2. **The U.S. emerged as the most powerful nation in the world, especially since there was not fighting on U.S. soil.** 3. **The U.S. had significant influence in the postwar peace plans. At Potsdam, they agreed to a partition of Germany but also came into conflict over the competing ambitions of the Soviets. They also helped create the UN to replace the League of Nations.**	• Tehran Conference • Elections in Eastern Europe • Bretton Woods Conference for postwar reconstruction
